SUMMER CAMP COACHES:

Jeremy Ueland- Coach

Aaron Haffey- Coach

Jess Lepel- Coach

Additional Coaches- TBA

Emphasis on camp will be developing athletic stance and movement required in alpine ski racing. Time will be spent improving basic technique/tactics with free skiing and drills. New skills will be performed in technical drill courses, gate training and race simulation. Mid July is the perfect training month with 2616 feet of vertical free skiing and training space available for a well-rounded experience. Most of the major race ski and boot manufacturers are in Mt. Hood through Mid-July, so your athlete will have the opportunity to demo some of the latest equipment and purchase or pre-order equipment.
